

Benedetta LIBERATORI

Benedetta Liberatori is currently working towards a Ph.D. at the University of Trento, Italy. She is part of the Multimedia and Human Understanding Group ([MHUG](#)), supervised by Prof. Elisa Ricci. Her research interests lie in the area of computer vision, with a focus on video understanding and vision-language models.

PERSONAL DATA

PLACE AND DATE OF BIRTH: Rome, Italy | 20 January 1999
REACH ME @: [✉](#) [🌐](#) [🔗](#) [X](#) [📺](#) [in](#)

EDUCATION

2022 – present	Ph.D. in Computer Science , University of Trento, Trento Research Interests: Video Understanding, Vision-language Foundation Models. Advisor: Prof. Elisa Ricci Published papers: [2, 5, 6, 4, 7, 3, 1] Co-supervisor of 5 M.Sc. theses.
2020 – 2022	M.Sc. in Artificial Intelligence , University of Trieste, SISSA, ICTP, Trieste 110/110 <i>summa cum laude</i> (GPA: 4.0) Relevant Coursework: Machine / Deep / Reinforcement Learning, Computer Vision, Foundations of HPC, Advanced Programming, Software Development Methods, Data Management.
2017 – 2020	B.Sc. in Mathematics , University of Rome La Sapienza, Rome 110/110 <i>summa cum laude</i> (GPA: 4.0) Relevant Coursework: Calculus, Algebra, Probability, Mathematical Optimization, Algorithmic Design, Geometry.

EXPERIENCE

2026	Research Intern at VALEO.AI , Paris Conducted research on detecting fine-grained differences in image pairs with large multimodal models, with a focus on safety-critical perception for autonomous driving.
2024	Teaching Assistant at UNIVERSITY OF TRENTO , Trento Course: Introduction to Machine Learning Instructors: Paolo Rota , Yiming Wang
2021 – 2022	Research Intern at FONDAZIONE BRUNO KESSLER , Trento Researched state-of-the-art methods for video anomaly detection on CCTV footage and developed a method to detect anomalous activities. The Deep Visual Learning Lab conducts research in deep learning and computer vision.

ACADEMIC SERVICE

REVIEWER: CVPR (2024-2026), ECCV (2024), ICCV (2025), ICMR (2025), FG (2025), NeurIPS (2025).
 OUTSTANDING REVIEWER: ECCV (2024), CVPR (2025), NeurIPS (2025).
 WORKSHOP ORGANIZER: WiCV at ECCV 2026
 WORKSHOP ORGANIZER: [Multimodal Learning and Applications Workshop \(MULA\)](#) at CVPR 2026

INVITED TALKS

valeo.ai Seminars , Valeo	<i>Presentation Speaker</i> , 2026, Paris
Imagine Seminars , Ecole Nationale des Ponts et Chaussées	<i>Presentation Speaker</i> , 2026, Paris
DocTORV SEMINARS , University of Rome Tor Vergata	<i>Presentation Speaker</i> , 2025, Rome
MULTIMODAL WEEKLY WEBINAR , TwelveLabs	<i>Presentation Speaker</i> , 2024, Online
COMPUTER VISION TRENTO SYMPOSIUM , Fondazione Bruno Kessler	<i>Presentation Speaker</i> , 2024, Trento

SKILLS

PROGRAMMING LANGUAGES:	Python, C/C++, HTML, CSS
FRAMEWORKS & TOOLS:	Pytorch, Numpy, Git, Docker
LANGUAGES:	Italian (Mothertongue), English (Fluent)

SCHOLARSHIPS AND AWARDS

2025	ICT Days Poster Session: Awarded first prize (€1000) for best poster presentation at the PhD poster session at the University of Trento.
2023	ICVSS: Admitted to the International Computer Vision Summer School.
2021	First Ascent: Selected as one of the twenty computer science & software engineering students for the First Ascent event organized by Bending Spoons.
2020 – 2022	SISSA Scholarship: Awarded one of the 4 scholarships by SISSA, among the most famous Italian research centers. The scholarship is merit-based and covers full support for two years.
2017 – 2020	B.Sc. Excellence Course: Admitted as one of the 30 members of the Excellence Course within the BSc Degree. The program consisted of additional courses and tests. The grade point average bounded the admission.

PROJECTS

AI4TRUST (AI-based-technologies for trustworthy solutions against disinformation) Horizon Europe Project	2025
Role: Integrated a video anomaly detection technology into the project platform.
